No. Credits : 153
Start Date : July

B.S. in Psychology

Bachelor of Science in Psychology is a four-year course in the scientific study of human behavior and mental processes. Founded on a strong general education program and tool courses leading to the disciplines of developmental, experimental, and physiological psychology. Followed by psychological, educational, social, abnormal, exceptional children and applied psychology specifically in the clinical, industrial and academic settings.

The BS in Psychology degree prepares students for general careers in teaching, research, counseling and human resources. It can also be a foundation for further studies in the fields of Medicine, Guidance and Counseling, Human Resource Development and Law.
