College of Physical Therapy

A four-year course with the first two years dealing with General Education subjects, the third and fourth are professional years dealing with the core subjects of Physical Therapy and the fifth year is 10 months of clinical internship.

Our Program focuses on advanced medical sciences, medical and surgical disabling conditions, and physical therapy treatment interventions. We aim to develop well-rounded physical therapists that can practice as part of a large and varied team personnel that includes physicians and other professionals and assist health specialists and members of the Community.
