Senior High School

Manila Central University

www.mcu.edu.ph

Welcome to our Senior High School Department

Through the SHS program, we will provide the mastery concepts and skills to help the you prepare for your college life and future careers. Our students enjoy the diversity of knowledge not only from the whole university and its immersion programs with our different colleges, but other external partners as well.

Another advantage is that you don't need additional bridging programs for applying to your college of choice, wherever it may be. Should you choose to find immediate employment here or abroad, you will be able to apply for TESDA national certificates for this purpose.

An additional financial assistance is also available for this program. As a member of Private Education Assistance Committee, a Php 22,500 cash assistance will automatically be received by a student from public school while Php 18,000 from private institution.

Why Senior High School at MCU?

Strands

STEM

Our Science, Technology, Engineering, and Mathematics (STEM) strand is different from the other strands offered in the Metro, due to our focus on advanced concepts and topics in Earth Science, Pre-Calculus and Calculus, Physics, and the like.

ABM

Do you see yourself owning or running an enterprise? Interested in taking a degree in relation to accountancy and business? Explore the Accountancy, Business and Management or ABM strand! This strand introduces you to basic principles of the various functional areas of business such as marketing, finance and accounting, information and technology, and entrepreneurship.

HUMMS

If you are pursuing a college degree in Liberal Arts like Literature, Communication Arts, Philosophy, in Education, in Social Sciences like History, Psychology, Philippine and International Studies, and Mass Communication, Journalism and Broadcast Communication, then the Humanities and Social Sciences strand or HUMSS strand is perfect for you!

GAS

If you are still undecided on what to track to take and you feel lost yet pressured on what degree to choose after finishing Senior High School, you can take the General Academic Strand or GAS strand
