# College of Pharmacy

Our College of Pharmacy is no stranger to the culture of innovation being the first pharmacy school in the country to be run by Filipinos. For 119 years, our program has kept that culture resulting in a Level III status from the Philippine Association of Colleges and Universities Commission on Accreditation.

Aside from this, what makes our Pharmacy program stand out apart from instruction is the tools we provide our students like our own Animal House designed for high-quality research and experimentation. Innovations like such will give you additional knowledge and skills giving you an edge over other Pharmacy graduates.
